Dear colleagues,

we are pleased to announce that the scientific program of the 60th Annual Meeting of the German Society for Neuropathology and Neuroanatomy (DGNN) is now available at the conference website www.dgnn-conference.de.

As in the years before, we are happy to be able to offer a workshop on emerging diagnostic topics in Neuropathology. The workshop will take place on 26 August 2015 at the Kaiserin-Friedrich-Haus in Berlin. The concept of this year's workshop is to give insights into state-of-the-art diagnostic neuropathology by interactively discussing diagnostic methods, algorithms and procedures of classical neuropathological entities.

Please register [here](#) to take part in the workshop.

The conference will be rounded off with a social dinner at the modern Restaurant Sage on the banks of the Spree in Berlin-Kreuzberg. Situated in a brick-lined building with industrial charme the restaurant also surprises with a sunny terrace and a spacious beach area. Enjoy food, drinks, good company and a Berlin summer night! Make sure you won't miss this special event!

We are looking forward to welcoming you in Berlin in August!

With kind regards,

Frank Heppner, M.D.

Director, Department of Neuropathology
